

# #HOODDIGEST

## 2016 VOTA VATO GUIDE

You already know there are too many damn initiatives on the ballot & you're too busy to learn about them all. #HoodDigest got you! So, grab a lapiz, café, & pan dulce & brace yourself.

### FEDERAL

**HILLARY CLINTON:** I don't have anything nice to say about her..... But, she deserves a chance & it would be cool to have a female U.S. President.

**KAMALA HARRIS:** Cause nobody wants their crazy *tia* embarrassing them on the Senate floor.

**KARIN BASS:** One of the few great leaders in L.A.

### CALIFORNIA

**PROP 51 (SI):** California is already in debt over bullshit. Spend more on education!

**PROP 52 (SI):** Helps raise more money for *la salud*.

**PROP 53 (NO):** Asking for a 2/3-majority approval for budget spending on meaningful shit is like the Raiders winning a Super Bowl. A lot of *vatos* dream about it, but it may never happen.

**PROP 54 (SI):** Deals cut behind closed doors are the thing of gangsters who wear suits. The public needs transparency.

**PROP 55 (SI):** More money for schools.

**PROP 56 (SI):** As much as I love to spark an occasional *Djarium Black*, smoking *la caga* for our community.

**PROP 57 (SI):** There's enough little *vatos* in jail already.

**PROP 58 (SI):** Because U.S.-born Latino kids can't speak Spanish nor English well.... *y estamos jodidos*.

**PROP 59 (SI):** Citizens United is the reason why the country is so conservative & partly why the top two candidates for U.S. President are both Republicans.

**PROP 60 (SI):** You'll probably hate Pornhub after this, but it keeps actors safe.

**PROP 61 (SI):** People need their meds. They don't need to be ripped off to get them.

**PROP 62 (SI) & PROP 66 (NO):** The death penalty is a big fucking joke in California. Get rid of it.

**PROP 63 (SI):** Gun violence is only cool in movies & rap songs. Too much blood is spilled because "*las armas son pendejas en las manos de los peligrosos*."

**PROP 64 (SI):** Legalize it. Stop cannibalizing on poor men of color for marijuana possession.

**PROP 65 (NO):** You know you fucked up when the Surfrider Foundation campaigns against you.

**PROP 67 (SI):** Your *abuela* will hate you for making her pay 10 cents for a purse, but you'll save whales & shit!

### LOS ANGELES

**MEASURE HHH (SI):** This ain't Yosemite, tents gotta go! Help homeless folks find a home.

**MEASURE JJJ (SI):** People need homes. Affordable housing isn't affordable in Los Angeles.

**MEASURE A (SI):** Too many *tamales* equals too many *pansas*. We need more parks!

**MEASURE M (SI):** Still waiting for Metro to stop building trains for white communities & build a goddamn *Slauson* line!

**MEASURE CC (SI):** Community Colleges are the ER of the postsecondary pipeline & we need to support them with adequate infrastructures!

**MEASURE \$\$\$ (NO):** Fuck paying for police pensions.

**MEASURE RRR (SI):** Because DWP straight robs residents in L.A. due to inefficient, ineffective, & corrupt administration.
